HOW AN ENQUIRY MOVES

FROM BUYING BRIEF TO SHIPMENT FILE

01 **DEFINE** Product, use, destination and measurable acceptance fields.

02 **ALIGN** Packing, quantity, Incoterm, timing and documentary scope.

03 **APPROVE** Written specification, commercial terms and payment controls.

04 **VERIFY** Lot evidence, inspection status and release requirements.

05 **DISPATCH** Container plan, loading milestones and final documents.

PROOF THAT MATCHES THE SHIPMENT

Verification before reliance

- Current registration and certification copies
- Approved product specification and tolerances
- Lot-specific COA or inspection evidence where agreed
- Packing artwork and shipment document checklist
- Destination-specific requirements confirmed for the order

IMPORTANT

A brochure is not a certificate, COA, quotation or contract. Request current records for the relevant product, destination and shipment.

START WITH A COMPLETE BUYING BRIEF

LET'S BUILD A QUOTE-READY ENQUIRY

- 1 Product and intended use
- 2 Destination country and discharge port
- 3 Specification and tolerance fields
- 4 Packing, labelling and quantity
- 5 Delivery window and Incoterm
- 6 Inspection and document requirements
